Building and Loan Association. At the second Annual Meeting of the Samter Building and Loan Association on last Monday night. Dr. A. J. China, President, and Altamont Moses, Vice President, were reelected for another term and all of the old Board of Directors were re-elected, except Mr. Chas. E. Bartlett, who declined, and in whose place Mr. Jas H. Chandler was elected. The statement submitted by H. Frank

Wilson, Secretary and Treasurer, shows a net gain of \$15,597.23, for two terms. The present par value of the shares is \$23, and the prospective value \$38,59.

The Washington Trip. Parties of twenty-five or more can go to and return from Washington for \$7.30, but as it is improbable that this arrangement can be effected, and also as single tickets will cost \$20.25, the following plan has been suggested in order to raise the requisite number: That each person pay ten dollars for a round trip ticket and the surplus between the \$10 and \$7.30 will be divided amongst those who do not intend to return with the party. Persons who desire to make up the party

had better communicate with Mr. T. J. Tuomev or Mr. H C. Moses at once.

To be the Best of the Season. The most elaborate preparations are being made for the Fourth Annual Basket Picnic which will be given at Rose Hill on May 26th. The young men of that section are moving heaven and earth, so to speak, to make this entertainment a grand affair. Quite a number of invitations have been sent out to the young folks of Sumter, Camden, Lancaster, and other places, and we guess that things will be pretty lively at Rose Hill on the 26th

P. S .- Simon's Band has been engaged for the occasion, and the mere mention of the soft, blue Danube to be played by the same is enough to make many a foot shake If it be sensible to remove a certain amount 'sorter"-lively.

Assault and Shooting.

On last Wednesday morning January Epps, colored, a farm hand of Mr. W. S. Chandler, came to work rather late and when spoken to about it, he gave Mr. Chandler a good deal of impudence." Later on in the day when Mr. Chandler visited his field to see how his hands wers getting on with their work, Epps assaulted him, inflicting a bad wound on his head, whereupon Mr. Chandler drew his pistol and shot his assaulter twice, once in the thigh and once in the stomach. A warrant was issued for Mr Chandler, who waived the preliminary examination and gave bond for his appearance at the Court of Sessions which convenes here on We are indebted to Mr. Pierce F. Kilgo for next Monday. Epps is considered in a very itical condition and Mr. Chandler's wound is now erysipelatous. Dr. Mood was sent for early this morning and Mr. Chandler is reported to be delirious.

The design of the Cantata-A May Festival-was charmingly carried out in the arrangement, and the May Poie scene in which the Calisthenic Drill was displayed with striking effect, was one of the most pleasing features of the entertainment. It was announced that a flag was to be awarded to the best of the three classes in Calisthenics, and a committee, selected from the audience awarded it to the largest class, although it was a close contest between the first and second, and considering the ages, &c., it was in fact a close question between all.

The exercises were concluded with a very pretty Tableau scene in which all the children

LINES

On the Birth (May 6, 1887,) of a Second and only Living Daughter.

BY REV A. A. GILBERT.

THERE'S JOY AT HOME TO-DAY. Another precious soul immortal, The angel ones have brought,

And gently put within our portal, In fleshly beauty wrought. And the spirit thus so fairly dressed, Young maiden blushes wore, For now our hearts they tenderly pressed

A daughter, as of yore. And we tried to think the angel one Of the beavenly escort, Who thus to brighten our daily sun. A little sister brought.

And as to the pictured grave I turned, Where sleeps the sacred dust Of the mother gone, but loved and yearned. And speaks the marble, just. Again upon us the spirit breathed.

In tender, blessed thought-As though in heavenly beauties wreathed, And rich in mercy fraught.

It was, that the angel mother, too, In spirit pure had come, To witness the precious promise, true, Of the Incarnate One.

No-you comfortless I will not leave. I took them to My breast, But whispered, then, trust Me-do not

Forever they shall rest. And now, another I have given-The sister-babe and mother,

Lo! thou hast these shining ones in heaven, And still, on earth, the other. Yes, we are here, in robes that glitter-My sweet Eva and me-Though through weakness and pains most

We come, this heaven to see. Let us your ministering spirits be, While still for souls to win, You point to glorious Calvary.

For freedom from all sin. And now, with joy, beyond our keeping, The infant charms we viewed, In snowy robes, so gently sleeping, 'Twas thanks our eves bedew'd.
